PRIVATE ISLAND
SEYCHELLES

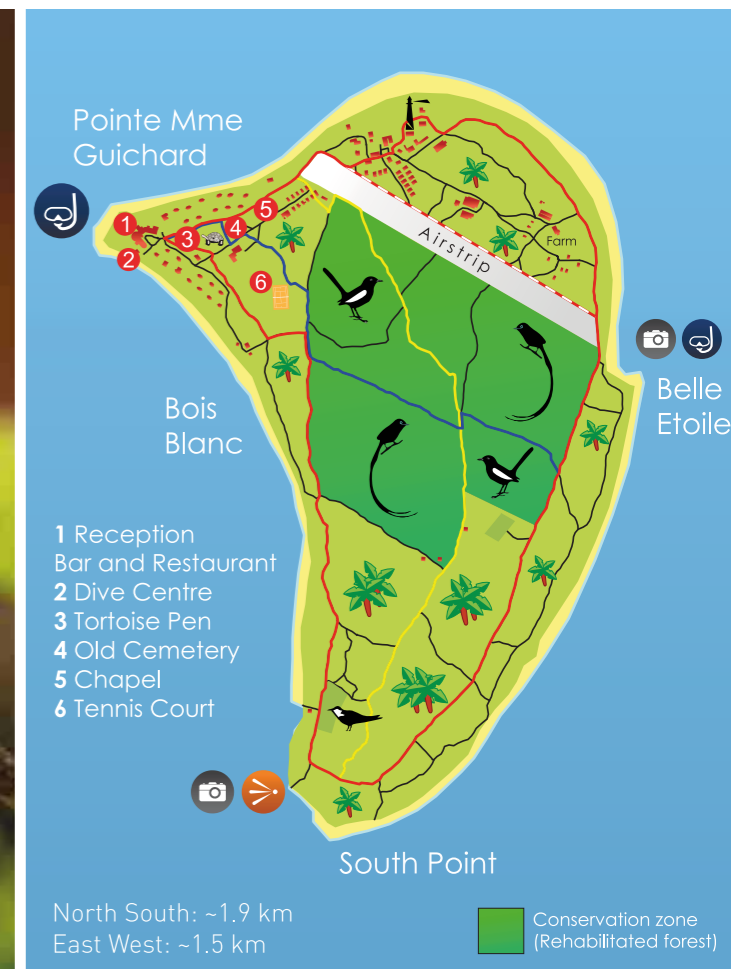

Denis Private Island

Denis Private Island invites visitors to experience the charms of a natural paradise – one in which the island shapes every aspect of the hotel, its cuisine, décor and conservation programmes. With only 23 free-standing cottages and villas, the island is a living, breathing community, with guests able to explore some of the world's most breath-taking beaches and coral reefs, in equal measure with the island's farm, mill, staff village and other interesting features of this tropical hideaway.

Nature Immersion

Every inch of the island's 375 acres, as well as its surrounding reefs, allow limitless exploration. Island tours are free of charge and organised daily by the Green Islands Foundation, which runs a variety of conservation programmes on the island. The island's pathways offer glimpses of some of the rarest birds on earth, giant tortoises and sea turtles which can be seen from shore in the shallows of the lagoon.

Beach Cottage

These cottages lie directly on the beachfront; with chairs to lounge on in the veranda or on the sun loungers on the beachfront.

Interior: Sitting area, writing desk and wine chiller.

Exterior: Private beachfront with sun loungers and a furnished sea facing verandah.

3 units 90 m²

Accommodation

The spacious cottages and villas echo the colonial past of Seychelles: from the furniture and wood flooring fashioned at the island's carpentry workshop just a few hundred metres away, to the refined simplicity of the décor. Open-air bathrooms and garden courtyards in all of the rooms invite nature's calming influence into the most intimate spaces.

Five accommodation categories provide a breadth of choice to suit any holiday preference. Cottages and Villas can accommodate up to two children under 12yrs. Children under 5yrs stay at no additional cost.

9 units 150 m²

Cuisine

The farm-to-table concept at Denis Private Island provides the basis for all meals on the island, and sees the vast majority of produce – including dairy, poultry, pork and all manner of fruits and vegetables – grown and reared just metres away from the kitchen. Whether a hearty breakfast or an intricate five-course table d’hote menu for dinner, the natural produce combines wonderfully with a creatively inspired approach from a talented team of chefs.

Restaurant

- Breakfast served from 7:30-10:00am
- Lunch from 1:00-2:00pm
- Table D’Hote Dinner from 8:00-10:00pm
- Themed evenings such as an Asian Buffet, Creole Night and Barbeque under the stars (weather permitting)

Bar & Lounge

- Refreshing beverages and cocktails, open from 10am-10:45pm

The Farm

In addition to supplying the vast majority of the hotel’s produce, the farm is a wonderful attraction for families and the young at heart to discover a variety of fowl as well as pigs, cows and goats. Arrangements are available for children to collect farm-fresh eggs in the morning, as well as for petting of various animals.

Weddings & Romance

Couples seeking a special occasion can rely on the full support of the island staff to plan and coordinate a tailor-made experience. Weddings and vow renewals, whether for a private ceremony for two or a group affair with friends and family, can be arranged in creative and original ways on the island. Group bookings and entire island reservations should be made well in advance to ensure availability.

Spa & Wellness

Guests have the option of enjoying a variety of spa treatments in the comfort of their cottage, or under the casuarina trees enveloped in nature. Most of the spa products – from the scrubs to oils – are crafted in the Seychelles from local ingredients.

Fishing & Cruising

Denis is renowned for its abundance and diversity of big game, and ranks as one of the top sailfish destinations in the world year after year. In addition to trolling for marlin, sailfish, dorado, tuna and wahoo, fishermen can also try their hand at bottom-fishing for snapper and grouper, with a traditional hand-line. Fly-fishing is also possible, provided guests bring their own equipment. All fishing is carried out in accordance with the island's conservation guidelines, and the boat house strictly adheres to International Game Fishing Association's tag-and-release programme. Half-day charters are available on request.
